## "11th Sports Promoter Awards" salutes behind-the-scenes heroes

Vice President Chen Chien-Jen (third from the left) speaks and presents awards at the 2019 Sports Promoter Awards Commendation Ceremony.

In 2009, the Sports Administration under the Ministry of Education started holding an annual "Sports Promoter Awards" commendation event. This praises and thanks enterprises, groups and individuals who have selflessly dedicated themselves to the long-term promotion of sport, while also encouraging even more people to become involved in sports promotion. This year's 11th Sports Promoter Awards were divided into "sponsorship", "promotion" and "special prize" categories. A total of 78 awards were presented, including 55 for sponsorship and 23 for promotion.

The "Sports Promoter Awards" commendation ceremony was held on Sept. 6, 2019, with Vice President Chen Chien-jen presenting the awards and thanking 53 enterprises, groups

and individuals for their long term involvement in sponsoring and promoting sports; he praised them for their selfless dedication and being the most important "Promoter" in the world of Taiwanese sport. Behind the events for which each recipient received their award is a concern for and important contribution to sport in Taiwan. Whether through financial

sponsorship or the giving of their own time and effort, each has been an indispensable force promoting the development of local sport. Worthy of special mention is the fact that this year six enterprises and groups and eight individuals received awards for the first time, an indication that new sports activists join the ranks every year so the hard work and achievements of sportsmen and women are handed down and continue into the future.

The cultivation of sportsmen and women, promotion of basic level sports and encouragement of people to participate in sports improves national health, is a basic foundation when it comes to developing national strength and can also help boost national unity. The investment of government resources in the promotion of sports policy pushes sport in Taiwan forward, but it is still important to make optimal use of the strength and resources of more private sector businesses, groups and society in general, to drive the popularity of sports overall and the development of the sports industry. It is our hope, that together everyone can promote sport in Taiwan, ensuring an unbroken flow of resources to make people healthier and let the world see our pride.

## Forum on Sports Policy Presents Results and Future Outlook

Director General Kao in a group photo with the keynote speakers.

In 2013, using the combined knowledge of physical education experts from Taiwan and abroad and the actual experiences of physical education workers, the Sports Administration published the Sport and Physical Education Policy White Paper, shaping the new national sports vision for 2013-2023. The short-term stage of this vision has already been completed. Considering the rapid changes in the physical education environment at home and abroad, in order to respond to modern trends and pursue progress and innovation, the discussion forum Healthy Taiwan–Excellence in Sports was hosted by the Sports Administration. Seven topics were discussed at the forum: school sports, public sports, competitive sports, international and bilateral sports, corporate sports, sport facilities and the sports industry. Experts and academics were invited to speak and review the implementation of the Sport and Physical Education Policy White Paper, and ideas from the forum will be used in future implementation.

Since the Ministry of Education founded the Sports Administration in 2013, government spending on sports has doubled. Sports policy has produced excellent results, student fitness and national exercise rates have gradually increased, the domestic sports industry has rapidly

developed, and facilities have become more and more comprehensive and advanced. Our athletes also achieve good results in international competitions of all levels; and Taiwanese people are holding increasingly important positions in the global world of sport, leading Taiwan to successfully host all kinds of major international competitions.

The Sports Administration's sports budget almost doubled from NT\$7.1 billion in 2013 to 13.2 billion in 2019. The rate of students who achieved medium or above in all four fitness indicators increased to 60.38%; the percentage of the population that engages in regular exercise rose from 31.3% in 2013 to 33.5% in 2018; and the entire sports industry's revenue grew from NT\$129 billion in 2013 to 141.7 billion in 2016. Taiwan has also performed well in international competitions, winning a gold and 2 bronze at the Olympic Games Rio 2016; 26 gold, 34 silver and 30 bronze at the 2017 Taipei Universiade, our best Universiade performance so far; 17 gold, 19 silver and 31 bronze in the 2018 Jakarta Palembang Asian Games, outperforming all of our previous participations in the Asian Games; as well as 9 gold, 13 silver and 10 bronze in the 2019 Napoli Summer Universiade, our country's best performance in a foreign Universiade. Taiwanese nationals are being trained to hold top positions in international sports organizations, and Taiwan has gone from holding 150 positions in 2013 to 195 in 2019. From 2013 to August 2019, the Sports Administration has

assisted with the hosting of 735 international competitions by various associations, successfully hosted the 2017 Summer Universiade, and subsidized the construction of 30 national sports centers and 2046 kilometers of cycle paths. All of this progress demonstrates the robust development of Taiwanese sports over the last 7 year.

In order to realize the vision of "healthy citizens, competitive excellence, active Taiwan" outlined in the president's physical education policy and

the Sport and Physical Education Policy White Paper, the National Sports Regulations and Sports Industry Development Regulations were amended in 2017. In response to citizens' expectations of physical education reform, the amendments improved the legal foundation and improved the physical education system. The Sports Development Fund, formed in 2010, is funded by the profits of the National Sports Lottery, and is dedicated to sports development. The second stage of the Sports Lottery began in 2014 with the reselection of issuing organizations, and sales have grown every year. Profits increased by 80% from NT\$2.4 billion in 2014 to NT\$4.3 billion in 2018, meaning that, along with the official budget, the Sports Administration now has adequate sports development funding to implement sports policy.

Support through policies and funding is the driving force of Taiwanese sports, and the Sports Administration is working towards the three main policy objectives of "healthy citizens, competitive excellence and active Taiwan", using school sports and sports facilities as a solid foundation. The Sports Administration supports development in the three areas of competitive sports, national sports and the sports industry to enable us to achieve excellent performance in international sports. As well as continuing to improve on current implementation results, we look forward to planning the next 10 year vision which will soon be outlined in the next white paper, to achieve more glory and passion for Taiwanese sports.

## Swimming Safety Update—Sports Administration announces results of 2019 Inspection of Public and Private Swimming Pools in Taiwan

2019 Inspection of Public and Private Swimming Pools in Taiwan

On Oct. 16 2019 the Sports Administration announced the results of inspections conducted at 458 swimming pools across Taiwan. After the two-stage inspections, 409 operators were designated as meeting existing standards, raising the conforming level to 89.3%.

To protect the rights of consumers and encourage swimming pool operators to maintain health and safety standards, every year in the run up to peak season the Sports Administration, based on the provisions of the "Consumer Protection Law" (hereafter the CPL) and "Regulations for Swimming Pool Management," asks county and city governments to inspect local swimming pool operators.

In order to protect the rights of swimming pool users and implement the Child and Youth Safety Implementation Plan, the Sports Administration has set the target of inspecting more than 90% of the nation's swimming pools each year. As part of the 2019 inspection program, counties and cities across Taiwan reported a total of 458 swimming pools, all of which were inspected. Of those, 409 pools passed inspection, 46 failed and three were not yet open. As a result, the conforming rate increasing from 87.7% in 2018 to 89.3% in 2019. In addition, the 100% inspection rate also outstripped the 90% inspection target.

The 2019 inspections started in April and looked at such operational items as pool building management, fire safety, swimming pool hygiene, safety measures/facilities, number of qualified lifeguards etc. After the completion of inspections, where non-conforming items are identified as representing a physical, health or property threat to consumers, the county or city government orders the swimming pool operator to make improvements within a fixed period of time. If said improvements are not made within the allotted time then, in accordance with the provisions of Article 58 of the Consumer Protection Law, the operator is fined. County and city governments are also instructed, after completing their inspections, to publish a list of non-conforming swimming pools on their official website for the reference of the swimming public. If an operator refuses, seeks to avoid or obstructs an inspection, then in accordance with Article 57 of the Consumer Protection Law said operator will be fined and repeatedly fined until it complies. With the exception of Hsinchu County and Chiayi City governments, which have yet to report first and second stage inspection results, the other local governments have inspected 100% of swimming pools. The annual list of non-conforming swimming pool operators can be checked on the official websites of county and city governments or accessed from the "agency business/sports facilities/search publicly announced information" section of the Sports Administration website (<https://www.sa.gov.tw>).

In order to help operators and county/city governments provide safe swimming pools, the Sports Administration has also established a "Qualified Lifeguard Information Website" (<http://www.lifeguard.utapei.edu.tw>). This provides a database on qualified lifeguards across the country that can be easily checked. The site not only provides notices of swimming pool operators seeking staff, individuals wanting to be lifeguards can also check how to obtain relevant qualifications and related job vacancies.

The Sports Administration reminds consumers to check online whether an operator is listed

as conforming before visit a swimming pool. Individuals should also be sure to warm up before swimming, make sure the pool has enough qualified lifeguards and provides a safe and hygienic swimming environment. If a consumer finds that an operator does not meet the standards laid down in relevant regulations then he or she should report the matter to the county or city government, so together we can ensure local swimming pools remain safe for public use.

Sports Administration Director-General Kao Chin-hsung said: "The fact that the Black Panther Pennant encourages a passion for baseball among senior high school students, so even more families take part in baseball, is certain to lead to a big increase in the number of people participating and interested in baseball. At the same time, we also hope that involvement in a team sport such as baseball will allow high school students to experience first-hand the meaning of esprit de corp."

## 第 11 屆「體育推手獎」 向體育幕後英雄致敬

教育部體育署自 98 年起每年舉辦體育推手獎表揚活動，向長期無私奉獻及熱心推展體育發展的企業、團體及個人表達敬佩與感謝之意，並鼓勵更多人投入體育活動的推展工作，今年是第 11 年舉辦。「體育推手獎」獎項分為「贊助類」、「推展類」及「特別類」，今年在各界踴躍參與及推薦下，共頒發 78 個獎項，其中包含贊助類 55 項及推展類 23 項。

108 年 9 月 6 日辦理「體育推手獎」表揚典禮，陳副總統親臨現場頒獎，感謝贊助及長期推廣體育活動的 53 個企業、團體與個人，並表揚他們的無私奉獻，是臺灣體育運動最重要的「推手」。每一個受獎單位的得獎事蹟背後都有著對國內體育運動的關心與貢獻，不論是以實質的金錢贊助，或奉獻一己之力推展體育運動活動，都是國內體育發展不可或缺的力量。更值得一提的是，今年有 6 家企業團體及 8 位個人為第 1 次獲獎，足見每年均有新的體育推手，讓體育人的努力及光彩得以接續傳承、生生不息。

培育運動選手、紮根基層體育、促進全民參與運動，增進國民健康體魄是國力發展的根本，也最能夠凝聚國民向心力；政府的經費投入體育政策推動，是帶領體育運動向前走的動力，仍需要結合更多民間企業、團體及社會各界的力量與資源，以全面帶動整體體育運動風氣與運動產業發展。期盼大家一起成為臺灣體育發展的「推手」，讓體育的奧援源源不斷，永不止歇，共創更健康的臺灣，讓世界看到臺灣的驕傲。

## 體育政策執行亮點論壇 展現成效展望未來

體育署 102 年結合國內外體育運動學者專家的智慧，以及實際從事體育運動工作者的經驗，完成撰擬並公布《體育運動政策白皮書》，形塑 102-112 年國家體育運動新願景，執行至今已完成短程階段並進入中程階段。鑒於國內外體育運動環境變遷快速，為因應時代脈動追求進步革新，特辦理「健康國民 卓越競技 活力臺灣 執行亮點論壇」，討論學校體育、全民運動、競技運動、國際及兩岸運動、企業與體育、運動設施及運動產業等七項子題，邀請專家、學者蒞臨與談，檢視《體育運動政策白皮書》執行成果，並將論壇意見作為後續執行參據。

教育部體育署 102 年掛牌成立至今，政府體育經費倍增，體育運動施政成效斐然，學生體適能表現及全民規律運動人口逐漸上升，國內運動產業蓬勃發展，相關硬體建設日趨完善；另外選手於各級國際賽事屢獲佳績，且我國人士在世界體壇上地位愈發重要，輔導及帶動臺灣成功辦理各項重大國際賽事。

體育署體育運動經費預算編列從 102 年新臺幣（以下同）71 億元成長至 108 年 132 億元，幾乎增加近 1 倍；學生體適能表現四項均達中等以上比率提升至 60.38%；規律運動人口比率，102 年為 31.3%，至 107 年已達 33.5%；102 年整體運動產業生產總額為 1,290 億元，成長至 105 年 1,417 億元。國際競技賽事成績方面，2016 年里約奧運獲得 1 金 2 銅；2017 臺北世大運 26 金 34 銀 30 銅，創下參加世大運史上的最佳成績；2018 雅加達巨港亞運 17 金 19 銀 31 銅，為歷屆參加亞運次佳成績；2019 年拿坡里世大運 9 金 13 銀 10 銅，為我國參加境外世大運的最佳成績。輔導我國籍人士擔任國際體育組織重要職務，從

102年150個席次至108年達195席次；102年至108年8月止，輔導各協會辦理國際賽事累計達735項次，更成功辦理2017年世界大學運動會；補助興建30座國民運動中心、自行車道串連建設達2,046公里。呈現近7年來我國體育運動的蓬勃發展。

為實現總統體育政策及《體育運動政策白皮書》所揭示的「健康國民、卓越競技、活力臺灣」願景，回應國人對體育改革的期待，透過106年修正「國民體育法」、「運動產業發展條例」，及後續相關配套子法的研修發布及執行，完備法制基礎及健全體育運動制度；另在體育經費來源部分，運動發展基金自99年成立，經費來自運動彩券發行盈餘，並專用於體育運動發展，103年重新擇定發行機構開始第2屆運動彩券發行，銷售額逐年成長，103年盈餘24億元，至107年成長80%達到43億元，體育署得以有充足的運動發展基金搭配公務預算，來實踐體育運動政策之推動。

政策與經費的支持是臺灣體育向前的動力，體育署從健康國民、卓越競技、活力臺灣三大目標著手，由「學校體育」和「運動設施」打下無限堅實的基礎，支持「競技運動」、「全民運動」、「運動產業」鐵三角的發展，得以邁向「國際體育」，成果豐碩，除以現有之執行成效持續推動並強化外，也期許為下一期的白皮書及早規劃未來10年的願景，再創臺灣運動的榮耀與感動。

為保障消費者權益，督促游泳池業者重視泳池衛生與安全維護，體育署每年於游泳旺季前，函請各縣市政府依據「消費者保護法」（下稱消保法）及「游泳池管理規範」辦理查核作業。

體育署表示，為維護泳客消費權益，並落實「兒童及少年安全實施方案」，年度查核績效目標設定為查核率 90% 以上，綜整本（108）年度查核結果，各縣市回報的應查核業者共計 458 家，實際查核 458 家業者，其中 409 家業者已合格，46 家未合格，3 家業者尚未開放，合格率由 107 年度之 87.7% 上升至 89.3%，總體查核率 100%，已超過原訂年度績效 90% 查核率之目標。

本年度查核作業，自 4 月份開始啟動，查核項目包含所在建築物之建管、消防、游泳池衛生、安全設施及合格救生員人數等。查核後，針對不合格項目，若有損害消費者生命、身體、健康或財產之虞者，責成縣市政府飭令業者限期改善；未於期限內改善者，依消保法第 58 條處以罰鍰，並請各縣市政府於完成查核後，於縣府網站公告未合格名單，作為民眾游泳消費參考。若業者如有拒絕、規避或阻撓查核等情事，依消保法第 57 條規定處以罰鍰，並得連續處罰之。除新竹縣及嘉義市政府，迄未函報初、複查結果，其餘各縣市政府查核率皆達 100%。年度未合格業者名單，除可於各縣市政府網站查詢外，亦可至體育署網站（<https://www.sa.gov.tw>）「單位業務 / 運動設施 / 查核公告訊息」查詢。

另為協助業者及縣市政府提供安全之游泳消費環境，體育署亦設有救生員授證資訊網站（<http://www.lifeguard.utaipei.edu.tw>），提供全臺合格救生員資料庫供查詢確認，除刊登業者徵才資訊外，有意擔任救生員的民眾亦可至該網站查詢證照取得及相關職缺資訊。

體育署提醒消費者至游泳池游泳時，除可先上網確認業者是否查核合格外，亦應做好泳前暖身等必備動作，並確認該場所是否有足額專職救生人員，以及安全衛生的游泳環境，若發現業者未符合相關規定，可向所在縣市政府逕行檢舉，共同維護游泳安全。
