International conferences such as these allow us to understand the different viewpoints, systems and development trends of a particular sport in other countries, and observe high-quality Taiwanese operations. By learning from their experiences and building on the existing foundations, all Taiwanese can work together to create a higher-quality sports environment.

Student Livestreaming for Student Sports Events**Sports Administration Nurtures Broadcast New Media Talent**

The Department of Radio & Television of National Taiwan University of the Arts invited national team athlete Chen Yi-An to serve as commentator and jointly present livestream services with the presenter.

During the COVID-19 pandemic period, the Sports Administration nurtured new media sports broadcast talent, at the National Middle School Athletic Games, National University and College Athletic Games high school football and basketball leagues, providing a total of over 1,000 student sports competition livestream broadcasts. This not only nurtured related media talent, it also let people enjoy the excitement of sports competition together.

As, with the rise of new media, the threshold for competition broadcast technology and equipment has lowered, and to encourage students to take part in sports events, the Plan for Nurturing Sports Education Broadcast Talent was held with six domestic universities including National Taiwan Sport University for the first time in 2019. In 2022, the “Ministry of Education Guidelines for Subsidizing the Nurturing of Sports Broadcast Talent by Universities” were officially set, subsidizing the nurturing of sports broadcast talent by universities and inclusion

in school curricula, encouraging the use of new media in more innovative and diverse ways for livestreaming and marketing sports events. The results acceptance inspection of the Plan was based on sports event online livestreaming and sports event presenting and had “Student livestreaming for student sports events” as the slogan.

The Sports Administration said that the six universities involved in the Plan for Nurturing Sports Education Broadcast Talent in 2019 increased to 18 this year; the sports for which broadcast talent has been nurtured and marketed number over 10 including athletics, taekwondo, judo, and wrestling; the number of students nurtured has increased to 712, not only increasing by over 40% on 2021, 171 students are from physical education related courses, not only reflecting the success of the Plan, also showing that the sports new media learning method is widely popular amongst university students. It also provides career possibilities and diversity to physical education department students apart from striving for success on the sports field.

In May this year, teacher Liao Yi-Can led a student broadcast team from the Department of Radio & Television of National Taiwan University of the Arts to broadcast the taekwondo competition at the 2022 National University and College Athletic Games.

Providing an inter-disciplinary diverse learning platform for university physical education and broadcast department students, of the schools cooperating with the 2021 Plan for Nurturing Sports Education Broadcast Talent, as well as National Taiwan University of Sport teacher Chiang Ren, who worked as a TV station director and has experience of reporting at various Olympics, who led a student broadcast team from the Department of Sport Information and Communication to broadcast athletics, the students and teachers of The Institute of Physical Education, Health and Leisure Studies of National Cheng Kung University added image recognition and other sports technology to swimming broadcast; during the National Intercollegiate Athletic Games, the students of the Department of Media Communication

of Hsing Wu University released their self-created, directed and acted MV song Fly, telling the mental journey of athletes and how they fly over their challenges; during the badminton broadcast period, the Department of Physical Education of the University of Taipei invited Tai Ching-Jie, elder sister of national badminton team star Tai Tzu-Ying to serve as commentator; the Department of Radio & Television of National Taiwan University of the Arts invited national taekwondo athlete Chen Yi-An to explain taekwondo skills and competition rules and invited her to serve as commentator during the broadcast period, providing livestream services together with the student presenter, giving students opportunity and platform for more diverse learning.

Sports competitions are the battleground of athletes and also the stage for media broadcasters. In response to the pandemic, for disease prevention, many sports events were held behind closed doors, needing more than ever the professional broadcast technology of new media broadcast teams to give visual and audial pleasures to the audience by transmitting splendid sports events through the Internet, allowing people to enjoy the moving moments and fun of sports.

Football is one of the world's most mainstream sports, and following the enthusiasm for the World Cup in recent years the sport has become more popular among Taiwanese. To improve Taiwan's hosting of international football matches and the Taiwan Football Premier League, the Sports Administration has invested NT\$1.785 billion since 2017. This has helped local governments renovate a total of 48 football stadiums for competitions, training and public use, continuing to improve the facilities needed for the development of Taiwanese football.

To prepare for the professionalization of football, the Sports Administration provided NT\$500 million in funding to create the Football Sports Leisure Park in Taichung's Nantun District. The plan includes one 11-a-side natural grass pitch for competitions (6,000 or more spectators), one 11-a-side artificial turf practice pitch, and two 5-a-side artificial turf pitches. Work on the stadium will start at the end of this year (2022), and finish in 2025. After completion, together

with Chaoma Football Field, it will become one of Taiwan's football sites capable of hosting Asian Football Confederation (AFC) or higher level international competition. As well as driving development of Taiwanese football at all levels and increasing opportunities to hold international football competitions, the facility will also become a new sports leisure destination for the public, increasing Taiwanese enthusiasm for football.

For the past few years, development of Taiwanese grassroots football has flourished, with the number of players and teams rising rapidly. Through the funding of its forward-looking infrastructure plan, the Sports Administration has subsidized restoration of football venues that can serve for both training and leisure purposes. 31 projects have received a total of NT\$290 million in funding, and there are currently 35 completed venues in use in Taiwan. To meet the urgent demand for football pitches, Sports Administration borrowed from the German "FUSSBALL IST ZUKUNFT" project, and in September this year (2022) published the "Five-a-side and Eight-a-side Shared Stadium Planning Handbook". The handbook provides local governments with a wide range of styles of football stadiums to increase the reach and popularity of football. The Sports Administration will continue to fight for funding for more public construction, and unite with local governments to improve the facilities needed for the development and promotion of Taiwanese football in a supportive football-friendly environment.

放眼世界共同成長 無動力飛行運動、山域嚮導專家來臺分享經驗

體育署表示，透過國際座談會的交流，可以了解該項運動於不同國家的觀點、制度和發展趨勢，共同觀摩國內優質經營者運作機制，起他山之石的效益，並促使國內各界思考在現有的基礎上共同營造更優質的運動環境。

「學生體育賽事、直播自己來」體育署培育新媒體傳播人才

教育部體育署培育新媒體運動傳播人才在新冠肺炎(Covid-19)疫情肆虐期間，在「全國中等學校運動會」、「全國大專院校運動會」以及高中足球、籃球乙級聯賽，累計提供超過 1,000 場次的學生運動賽事直播，不僅成功培育相關新媒體人才，更讓大眾一起共享體育競賽的魅力。

因應新興媒體崛起，賽事轉播技術與設備門檻降低，又為鼓勵更多學生參與運動賽事，108 年首度與國內國立體育大學等 6 所學校合作辦理「培育運動教育傳播人才計畫」，109 年正式訂定「教育部補助大專院校培育運動傳播人才作業要點」補助各大專院校進行運動傳播人才培育，納入校內課程，鼓勵運用新媒體以創新與多元方式作賽事直播與行銷，本計畫以賽事網路直播與賽事播報作為成果驗收，並以「學生體育賽事、直播自己來」作為口號。

體育署表示，回顧 108 年培育運動教育傳播人才計畫，從僅有國立體育大學等 6 所學校成長至今(111) 年有 18 所學校參與，所培育轉播與行銷之運動種類有田徑、跆拳道、柔道、角力等超過 10 餘多運動種類，所培育的學生數也成長至 712 名學生，不僅較前(110)學年度成長超過 40%，其中體育相關科系學生也有 171 名，不僅反映計畫的成功，也代表運動新媒體的學習方式廣受大專校院師生的喜愛，更直接提供體育科系學生除爭取在競技場上的成績之外，另外一種職涯的可能性與多元性。

提供大專院校內體育與傳播科系的跨領域多元學習平臺，110 學年度運動傳播人才計畫所合作各校中，除曾擔任電視臺總監且具數屆奧運實地採訪經驗國立臺灣體育運動大學蔣任老師所帶領之運動傳播科系學生團隊轉播田徑項目外，國立成功大學體育健康休閒所師生以影像辨識等運動科技加入游泳轉播；醒吾科大新媒體傳播科技學系學生也在全大運期間發布自編自創自導自演 MV 歌曲「飛越」，訴說選手們的心路歷程，飛越過自己的挑戰；臺北市立大學體育系在羽球轉播期間邀請羽球國手戴資穎的姐姐戴靖潔擔任講評、國立臺灣藝術大學廣電學系也邀請跆拳道國手陳怡安在課堂上為學生講解跆拳道的專業技術與競賽規則，並在轉播期間邀請擔任講評與學生主播共同提供賽事直播服務，為學生帶來更多元學習的機會與平臺。

一場運動賽事是選手們的戰場也是媒體傳播人員的舞臺，面臨疫情時代，為做好防疫措施，相關運動賽事都閉門舉辦，更需要透過新媒體傳播團隊專業的轉播技術，將精彩的賽事透過網路傳輸給予觀眾們視覺及聽覺上滿滿的熱血，共享運動的感動與樂趣。

體育署積極建置足球場地 強化足球運動推展能量

足球是世界主流運動之一，隨著世界盃足球賽的熱潮，近年來足球運動已逐漸受到國人的喜愛與關注。為使各項足球國際賽事及臺灣企業甲級足球聯賽能夠順利辦理，教育部體育署自 106 年起投入新台幣(以下同) 17 億 8,500 萬元，協助地方政府興整建足球場館共 48 案，分別針對選手競技、培訓及全民運動推廣等需求，持續完善我國足球運動發展所需之硬體設施。

為足球運動職業化預作準備，體育署補助臺中市 5 億元於南屯區打造「足球運動休閒園區」，規劃設置 1 座 11 人制天然草皮足球專用主競賽場(含 6,000 人以上觀眾席)、1 座 11 人制人工草皮練習場及 2 座 5 人制人工草皮足球場，期能於今(111)年底開工，114 年底完工啟用；該園區完成後搭配朝馬足球場，將可成為我國可舉辦亞洲足球聯盟(AFC)以上等級國際賽事需求的足球運動園區，除可促進我國各級足球運動發展及增加辦理國際足球賽事機會外，亦將成為民眾休閒運動的新亮點，帶動足球運動風氣。

近年來，國內基層足球發展日趨興盛，運動人口及球隊數量急速攀升，體育署已透過前瞻基礎建設計畫的經費，補助興整建可做為足球訓練教學及休閒運動的場地，總計核定補助 31 案共 2 億 9,000 萬元，目前全臺已有 35 處場地完工使用中。為呼應民眾急需足球場地之需求，體育署借鏡德國「FUSSBALL IST ZUKUNFT(千足計畫)」，於今(111)年 8 月公布《五人制、八人制足球場及共用型球場規劃設計參考手冊》，提供地方政府廣設多型態足球場，增加足球運動推廣及向下扎根的參考。體育署表示未來將持續爭取公共建設計畫預算，與地方政府協力共同完善我國足球運動發展所需之硬體設施，延續足球運動推展能量，健全臺灣足球運動發展環境。

2022 國際體育事務人才培訓營 (iSATC) 授證

黃漢茜等多位青年選手入列

教育部體育署「國際體育事務人才培訓營 (iSATC)」在今(111)年 11 月 27 日「2022 國際及兩岸交流暨人才培育成果分享會」舉行授證儀式，並回顧一年來國際體育事務的精彩重點，黃漢茜選手現身分享參與本活動的收穫。

本計畫委託中華奧會執行已邁入第 12 年，今年度透過課程、研習營、講座、交流會、工作坊及實習等多面向執行，因應國際趨勢發展和各界需求，不斷創新改變、厚植人才實力、累積實務經驗，打造全面多元的發展模式。

自 3 月起邀請國際事務學者專家前進國立臺灣師範大學、國立陽明交通大學等 10 所大專校院，招募具語言能力對國際體育事務有興趣的青年一同投入。經過 5、6 月間辦理培訓營，在國際體壇重量級講師及經驗豐富的導師、學長姊帶領下，學習模擬各類型實務案例，於政大公企中心進行 2 天全英文成果發表；今年培訓營擴大邀請其他國家奧會及體育組織逾百位外籍學員透過網路，線上參與課程共襄盛舉，展現我國人才培育多元參與交互學習的成果。

配合我國邊境解封，下半年國際體育活動逐步恢復，也讓今年培訓營結業學員，有機會參與單項運動協會近 30 場次賽事活動實習，如 2022 臺北羽球公開賽、U-23 世界盃棒球賽等，一睹國際賽事活動的多元精采樣貌。

本年度共計 119 人取得結訓資格，包括 2016 仁川亞運游泳國手黃玟綺、臺灣第一位跆拳道大滿貫賽選手楊宗燁、世運會定向越野國手劉承勛、「泳」闖東京奧運的黃漢茜、多次征戰帆船國際賽的好手馮程矜及跆拳道品勢團隊「翻譯機」李映萱等多位優秀年輕運動選手，再次成功展現本計畫匯聚人才，全方位培育國際體育事務人才的目標。

體育署林哲宏副署長表示，未來將持續朝向有效應用並強化現有人才運用機制努力，以本屆結訓授證代表黃漢茜小姐及楊宗燁先生為例，憑藉長年累積征戰國際賽場的經驗，加上透過本次計畫課程、專題、實務分享交流等培訓，持續回訓交流分享觀念新知，正是人才培育計畫永續發展，成功散播國際體育事務種子的典範。
