2021年隨著新冠疫苗的施打率逐步上升，世界各國慢慢走出疫情的陰霾，各項國際級運動賽會也相繼在完善防疫措施後恢復舉辦。其中，最受矚目的國際賽事當屬2020東京奧運。本署也於各國際賽事復辦後，積極協助我國選手在配合中央防疫政策的情況下參與國際賽事，爭取最大量奧運參賽資格人數的同時兼顧選手身心健康。而我國奧運代表團也在本屆夏季奧運創下2金4銀6銅的史上最佳成績。選手們在運動競技上的亮眼表現，國家運動訓練中心功不可沒，完善的硬體設備、一流的醫師、營養師、物理治療師、情蒐人員，是選手們成長的沃土。

除了競技運動方面，為達成「健康國民、卓越競技、活力臺灣」的願景，本署將持續推動自2013年啟動的10年期「體育運動政策白皮書」，並納入總統體育政見，滾動修正「體育運動政策白皮書2017修訂版」，以作為後續落實執行原白皮書中、長程目標之主要參據。力求為臺灣民眾創造愉快運動經驗，培育健康卓越之人才，並厚實國家體育運動大業。

為了讓臺灣民眾能夠找到適合自己的運動，將運動融入生活，養成規律運動的健康習慣，本署於2015年8月擬訂「運動i臺灣」，自2016年至2021年推展全民運動計畫，提升國民運動風氣。2021年我國運動人口比例已達到80.2%，規律運動人口也提升至33.9%，成效顯著。隨著「運動i臺灣」計畫期程在2021年12月31日結束，擬定了2022至2027年下一期全民運動計畫「運動i臺灣2.0」，持續打造良好運動環境。

讓所有不同族群的國民都能有適合的運動設施環境，是推動全民運動風氣的基礎。「前瞻基礎建設計畫—城鄉建設—充實全民運動環境計畫」補助地方政府充實全民運動設施，以「規劃建構隨處可運動的生活環境，提供平價、親民、社區化、專業化的運動空間」為目標。

此外，為鼓勵民眾在疫情趨緩後，可以多利用運動場館運動、購票進場支持本土體育賽事，本署也比照2020年發放「動滋券」，透過「動滋券」搭配「運動產業紓困4.0」、

「運動產業紓困5.0」等方案幫助因疫情停業或停賽的運動事業體持續經營，達到振興運動產業的效果。期望臺灣運動產業能蓬勃發展，帶動更多民眾參與運動，讓運動融入每一個人的生活！

## Message from the Director General

The year 2021 saw a surge of vaccination rates around the globe. As the world prepares to leave the pandemic behind, several international sports events have made their comeback with epidemic prevention measures set in place. The most important of such events is, of course, the 2020 Tokyo Olympics. The Sports Administration (SA) actively provided domestic athletes the support they needed to attend the international events while following the national epidemic prevention guidelines, making sure that they had abundant resources for both their mental and physical well-being. Our athletes returned with 2 gold medals, 4 silver and 6 bronze, an impressive performance and the best so far in national history. The National Sports Training Center deserves credit for these outstanding achievements as well, as they provided our athletes extensive facilities and top-rate physicians, nutritionists, physical therapists and intelligence collectors, creating a fertile environment for athletes to grow.

Besides the contribution in the competitive sports sector, the SA continues to promote the 10-year "Physical Education Policy White Paper" project, which was first launched in 2013, and progressively revised the "Physical Education Policy White Paper 2017 Edition" and incorporated the project in the president's sport politics. So as working towards the mid- and long-term objectives listed in the project, with "creating an energetic Taiwan with healthy citizens and excellent competitive performance" as our ultimate goal. Our aim is to make sports a joyful experience for our people, cultivate healthy and outstanding talents, and set down a steady foundation for the nation's sport industry.

To help the citizens of Taiwan find the sports activity most suited to their needs, make sports activities part of their lives and cultivate a regular habit of exercising for all, the SA came up with the iSports program in Aug 2015 and continued to promote it from 2016 to 2021, in hopes of creating a sports-friendly environment for all citizens. By 2021, there's a reported number of 80.2% exercisers among our citizens, and the

number of people who engage in regular exercise has increased by a whopping 33.9%. The iSports program came to an end on Dec 31, 2021, but the SA has the iSports 2.0 program ready for 2022 to 2027—creating an exercise-friendly environment is an ongoing effort.

The key to promoting a sports-for-all environment is to create facilities and environments for all citizens from all walks of life. In the Urban-Rural Construction sector of the nation's Special Act for Forward-Looking Infrastructure, we have the “Sports-for-all Environment Enrichment Program”, which aids local governments in improving sports facilities for all people. The goal is to “plan and construct a living environment where all may work out wherever they want, and offer affordable, friendly, community-centric, professional workout spaces”.

In addition, to encourage all to utilize exercise venues and purchase tickets to support domestic sports events in the post-pandemic era, the SA, like in 2020, has distributed Sports Stimulus Vouchers, while also promoting multiple projects such as Sports Businesses Relief 4.0 and 5.0, in order to help businesses suffering from the pandemic and sports events that were put on hold to continue operation and revive the sports industry. It is our hope that the sports industry in Taiwan will continue to boom and more and more citizens will participate in sports activities, making sports an essential part of their lives.

Interim Director-General of SA**

Also, the public can donate to Sports Administration-approved athletes and file the donations as deductions when filing income tax returns. At the same time, they can feel good about supporting athletes. Furthermore, in order to improve the development of the professional sports industry—which is at the core of sports industry development overall—and to accelerate the professionalization process of amateur sports, Article 26-2 of the “Sports Industry Development Regulations” has been added. Each year, up to 3 billion NTD can be invested in professional or amateur sports and related important events.
